COMMODORE'S CORNER

Let's talk about CRYA (Columbia River Yachting Association). Ray and Carol Ryan have five or six raffle ticket books left to sell. The monies from these sales go toward building and maintaining docks and facilities up and down our Columbia River. These Marine Parks are free for us to use. A book of tickets is \$10.00. Ten dollars is pretty cheap for a year of unlimited moorage. It is disturbing that there are still tickets to sell. Ray and Carol should be in the position of going back and getting more to sell. Come on LYC members! Support the CRYA and the Columbia River! You will be supporting a great cause and, in essence, supporting our boating experiences on the river. Call Ray or Carol @430-9225.

If all misfortunes were laid in one common heap whence every-one must take an equal portion, most people would be contented to take their own and depart."

HOUSE MATTERS

2 Deep Diving Company was here for a walk through of the clubs' boathouses and other facilities. They suggested boathouses that might need additional flotation and the amount each house might need. Most boathouse owners have been contacted. If I haven't talked with you then in their opinion your house is fine as far as flotation is concerned. We have scheduled August 9 - 13 for them to be here. The price is \$140 for each full sized "keg" (20"x20"x54"). Each "keg" displaces approximately 800 pounds.

This bid for moorage is open for 30 days. Decisions for open moorage spaces are made on the basis of seniority AND "compatibility in size and shape of the boat sought to be moored in such space."

**Columbia River
Yachting Association**

CRYA was founded 76 years ago to "encourage sailing and racing yachts on the Columbia River and its tributaries." Original member yacht clubs were: Astoria, Lake Oswego, Portland and the Westport (OR) Boat Club. Dr. Gordon B. Leitch, PYC, was the first President. Doug Balkema, representing Tyee Yacht Club, is the 2009 President. CRYA represents 19 clubs and over 2,000 members as an organization water-way user group that:

- Serves as central coordinator for the member club's cruising schedules, eliminating many conflicts.
- Keeps the clubs aware of local, state and federal government activities and rule-making that effects boats, boating and boaters.
- Promotes development of new recreational boating facilities.
- Promotes safe boating and water safety activities.
