COMMODORE'S CORNER

Our Rear Commodore, Cal Dowd, and crew have been diligently preparing for the Opening Day Cruise, an event that will officially begin the 2011 boating season. Along with many of our new eager members, we are expecting a great turnout. This annual begin-the-season celebration starts Friday, May 13th continuing through Sunday. The itinerary is included with this issue.

I attended the April work party last week and was excited to see the large turnout of members eagerly working on yearly chores to keep our boat basin in order. Members also worked on the reduced back-flow device requirement (City of Longview) and it is ready to be installed.

Last year work efforts saw a definite improvement in the look of boathouses and docks. It's great to belong to a club with members that take pride in the maintenance of their facilities. Great work everyone.

Hope to see many of you at the LYC Opening Day festivities.

HOUSE MATTERS

Thanks to the 29 LYC members that participated in the April 21 work party. The banks were trimmed, docks were pressure washed, and the inside of the clubhouse was given a cleaning. Overall the club is in great shape and ready for the upcoming boating season. Preparation for the 4 back-flow prevention assemblies were completed. Sessions plumbing and the City of Longview have "approved" the sites. The actual installation and certification of the assemblies will be scheduled in the next couple of weeks.

Coldwater Solutions has us on

their schedule to replace and add piling in "H" row area. The project will begin in November and may involve moving boat houses to allow access to the area. We will be meeting with the company as the time to begin the project gets closer.

Please provide Dave with a key to your boathouse. We need these for emergency purposes. Keys will be kept in a secured location.

NEXT SCHEDULED WORK PARTY --
