### COMMODORE'S CORNER

Replacement of the wood piling on H-Row with steel has now been completed. Thanks to a great deal of hard work by Dennis McCrady, Ray Prynne, Chris Erickson, and others, the job was done safely and efficiently. Hats off to everyone involved for a great job.

It is getting cold, and Dave will soon have to turn off the water to the docks. So, if you have a need for water, it would be best to get that need attended to as soon as possible.

The December billings will be going out soon. Members

are reminded that all bills must be paid within 30 days from the billing date. Otherwise, a late fee will be assessed. Due to the high cost of fuel, we have been billing for fuel every two

months, or whenever there has been a major change in the price per gallon. That way members pay the appropriate unit price for the fuel that they use, and the more frequent billings help members avoid having to make a very large fuel payment all at once.

Best wishes to all for a joyous holiday season.

*Commodore Mike*

## MATTERS OF THE HOUSE

### Moorage—

There are three (3) boathouse spaces open for bid in December:

Boathouse space E - 2 size 22' x 36'

Boathouse space G - 1 size 27' x 55'

Boathouse space J - 4 size 32' x 59'

### House Matters—

The piling project for "H" row is getting closer to being completed. In all 8 boathouses were moved, returned, re-chained, reconnected to water and are in the process of having power restored to them. A total of 10 steel piling were driven, all of the old wood piling on "H" row were pulled and are the new head-logs. Thanks to the several mem-

bers that volunteered their time and skills to make this project run as smoothly as it has, especially Dave Williams, Chris Erickson and Dennis McCrady. There are a few smaller projects to complete to get things back in the shape we would like, and I may be calling on some of you for your help.
