We are pleased to extend to the Longview Yacht Club officers and members reciprocal moorage privileges "valid until revoked" at our Club's moorage facilities located at the Port of Bremerton Marina.

We provide 80 feet of complimentary moorage space per night to Reciprocal Club members. This offering is limited to 2 boats at a time, 2 nights in any 7 consecutive day period per vessel and 2 nights per vessel per month. Power and extras not included. The Harbormaster will collect for power and any extras. The Marina can accommodate up to 100 foot vessels. Restrooms, showers, and laundry facilities are adjacent to the Harbormaster's office. Restaurants, visitor attractions, and buses are in close proximity along with the ferry terminal to Seattle and Port Orchard.

Upon arrival please check in at the Harbormaster's office and request RHYC reciprocal moorage. The Harbormaster may be contacted on VHF Channel 66a or by calling 360-373-1035.

If you have any questions, call contact me at 360.275.4721 or [rearcommodore@rhyc.org](mailto:rearcommodore@rhyc.org) and I will be glad to help.

On behalf of the Officers and members of the Roche Harbor Yacht Club we offer our best wishes for a safe and happy boating season.
